

To Jo and Martin (ladies 1st!!)

What an amazingly memorable and enjoyable day, the day of our 'trash the dress' photo shoot. Thank you soooo much!!! The photos are so beautiful and special to us. They capture our feelings and emotions for each other in a way that shows off our personalities perfectly. On the day itself, we felt so relaxed, had such a giggle and really enjoyed thinking about the meaning of our marriage without the pressures of timings, nerves and entertaining guests. Anything goes on 'trash the dress day', we loved it!! We didn't have to worry about tradition, we just played around, were ourselves and you guys captured it all in wonderful detail.

We think you two are fantastic photographers; you made us feel so relaxed and special that any inhibitions went out of the window. The thing we loved is that you are not bossy or in your face, you were able to just capture special intimate moments as well as giving ideas for inspirational shots. It was such a joy when we viewed our pictures. We would see images and think 'how did you capture that without us noticing!' We want to do it all over again and have ideas for future photo shoots we would love to have you guys do.

We could not be more impressed and happy with the way our photos from that day turned out. They really are unbelievable. It was definitely the best decision to do trash the dress. We now have so many photos to choose from with the photos from the wedding day as well, we are struggling to make a decision. We have loved getting to know you and sharing our day for you to capture and have recommended you to everyone. Something that made us feel proud to have chosen you, is the comments made to ourselves and our parents about how impressed many of our guests were with the attitudes and professionalism of Dobège photography. One of our guests even said you were like the SAS of photographers the way you captured the shots inside the church!!!!

If you are umming and ahrring over whether it's for you. Just do it you'll be amazed and most importantly the dress is still perfect NOT trashed!!!!

Thank you, thank you, thank you!!!!

See you very soon. BEWARE!!!
